

Chapel Allerton Primary Art and Design Long Term Overview

Art in the Early Years at Chapel Allerton Primary

Expressive Arts and Design (Creating with Materials, Expressive Arts and Design, Being Imaginative and Expressive)

EYFS Statutory Educational Programme: The development of children's artistic and cultural awareness supports their imagination and creativity. It is important that children have regular opportunities to engage with the arts, enabling them to explore and play with a wide range of media and materials. The quality and variety of what children see, hear and participate in is crucial for developing their understanding, self-expression, vocabulary and ability to communicate through the arts. The frequency, repetition and depth of their experiences are fundamental to their progress in interpreting and appreciating what they hear, respond to and observe.

EYFS is the starting point for our whole school curriculum. The Art and Design teaching and learning in our EYFS sets down a firm foundation of skills from which we subsequently build because it prepares pupils for the pathways they will encounter in Years 1-6. Our EYFS Art and Design curriculum gives pupils opportunities and experiences which enable them to:

- Build dexterity skills
- Explore materials and mark making in a playful way.
- Use bodies and imaginations to inspire making.
- Explore how they can reflect and share their views about what they have seen or made.
- Explore how art enriches our lives.

Transient Art: *Transient art is a term used for any creative work that does not stay fixed in its position. In this way, it is non-permanent and can evolve. When children work on transient art projects, they can explore different approaches and make changes to elements, helping them to learn how different approaches can change the end result.*
