

## Progression in printing

Explore the marks they can make with their hands and fingers.

Explore making marks with objects. Talk about what happens when objects are pressed, moved up and down, side to side, and twirled.

Choose printing materials to make simple patterns. Talk about what the marks look like.

Uses printing materials to copy pictures. Chooses appropriate shapes and begins to choose colours for purpose. Uses simple forms.

Choose resources to create repeating patterns.

Use real objects as a stimulus for their artwork. Select appropriate shapes to print with.

Chooses tools and resources to create patterns.

Use their own ideas in printing. Choose appropriate patterns or shapes for the task. Talks about their ideas, reflecting and improving their work with support.
