VALUES

WHAT GUIDES OUR
WORK

INCLUSION

RESPECT

WELLBEING

EQUITY

GROWTH MINDSET

At Chapel Allerton Primary School, we develop pupils who are creative, imaginative, and independent lifelong learners with strong foundations from which they can build successful lives. Our intention is to provide a range of experiences to support our pupils to achieve academically and to ensure their spiritual, moral, social, cultural, and physical needs are met. We want our pupils to be proud of our school, their British values and of the diverse community that they belong to. We have carefully developed our curriculum so that it inspires, celebrates, provides a sense of belonging and identity and raises aspirations for **all** pupils.

We want our pupils to believe in mutual understanding, trust, tolerance, and respect. We have a strong curriculum that underpins these values with Restorative Practice and Growth Mindset threading right through school. We want our pupils to have a positive attitude towards their learning, to relish challenges, embrace their mistakes and value the importance of resilience and effort.

We have consciously included many opportunities for our pupils to have enriching experiences during their time at Chapel Allerton Primary School because we want all our pupils, regardless of their background, to know that music, art, nature, galleries and theatres, are for them. We equip pupils with the experiences that will secure this mindset and ensure that they receive a broad, creative, and ambitious curriculum rooted in academic rigour that goes beyond the National Curriculum.

Our personal development curriculum includes Mindmate, an emotional literacy programme which focuses on the key skills of self-awareness, self-regulation, motivation, empathy, and social skills. We want our pupils to enjoy challenges, anticipate success and achieve the highest possible standards, no matter their starting point. We value each pupil as an individual and support them to achieve their full potential, through academic and personal success.

We want our pupils to instil pride in our local community through their excellent behaviour, attitudes, and sense of citizenship. We want our pupils to be proud of where they live, to know the geography and the history of their locality and to be proactive, thoughtful members of their community.
